Inaugural Seattle Boat Show SUP-er Joust Tournament

Pairing one of Seattle's most popular water sports with a medieval pastime, competitors in outrageous costumes will jab, poke, bump and shove each other and attempt to outwit their opponents and knock them off their stand up paddle boards and into the water in the jousting pool. [Competitors can sign up in advance for a spot](#) or try their luck during Open Jousting times throughout the show.

Boatless in Seattle – Free admission Monday – Thursday after 5pm

Those who don't own a boat but would like to learn more about how to get into boating shouldn't let the ticket price get in the way of deciding whether to attend the show. They can simply show up any weeknight of the show after 5pm, announce that they are Boatless in Seattle and they will be admitted for free.

Biggest and Most Expensive Boat in the Show's 68-Year History

Built locally in Westport Wash., the 'Evviva' is 164 feet of pure luxury for \$25 million. She features: six luxurious suites; helicopter landing pad; elevator; hot tub; gourmet galley; marble and granite heated floors; spa tub for two in the master suite; and a yacht garage housing a 23' ski and dive boat. Tour her and a host of other luxury boats at South Lake Union.

Kids Zone

There's tons of fun for the little boaters too. Kids can enjoy time on the water using the Aqua Paddler boats, build a wooden toy boat with help from the Center for Wooden Boats and learn some fundamentals of boating while having fun with Plankton Races, Tug o' War, the Rain Gutter Regatta and more.

See <http://www.seattleboatshow.com/kidszone> for a schedule of activities.

Wakeboard trampoline tricks and demos

Members of the Central Washington University wakeboard team will be demonstrating tricks on a 13x13 Springfree trampoline. Showgoers can watch them do whirlybirds, 720s, grabs, glides and other impressive moves. When not being used for demos, kids and adults can test jump the world's safest trampoline.

Most Unusual Boats in the Show

For those who have always daydreamed of being James Bond, they have a chance with two unusual amphibious boats at the show.

Quadski: an ATV that converts to a jetski, is powered by a high performance BMW engine and can reach speeds of 45 mph on both land and water. (At CenturyLink Field.) **Sea Legs:** an amphibious 20' dinghy that goes from land to water and vice versa with the simple push of a button and can top 60 mph on the water. (At South Lake Union.)

Is it a Boat or is it a Plane? It's both.

The MVP is a revolutionary amphibious aircraft that transforms from an airplane into a fishing and camping platform. When you get to a marina you taxi up, shut down the engine, fold the wings, and propel the MVP towards the slip with an on-board trolling motor. Hinged panels create a flat platform large enough for two people to stretch out and sleep in the custom tent fitted to the platform.

Women's Day - Monday, Jan. 26

By [downloading a special Women's Day pass](#), women can attend the show for free on Jan. 26th and enjoy a slate of seminars designed specifically for women, by women boaters. Starting at 5 pm, women can enjoy also complimentary libations, live music and tons of great giveaways in the Boater's Lounge.

Sails & Ales – Friday Jan. 30, 5pm – 9pm

What better combination than hops and props? That's what's on tap for Sails & Ales Craft Beer Night at CenturyLink Field. Attendees will be able to cruise the show with ale in hand and enjoy the best of NW beers and boats. Tickets are \$27 and include show admission, tasting tokens and a souvenir beer glass.

New for 2015 - See the floating portion of the show from the water with complimentary boat rides

The 20-minute guided tours in all electric 21' enclosed, heated Duffy boats will point out fun facts about South Lake Union and the unique qualities of the spectacular yachts in the show. It's a great way to see the show from a new perspective. Blankets are provided for an added snuggle factor.
